

To whom it may concern:

Dear Sir/Madam,

We are proud to contact you on the behalf of **BEUM association**; an independent, non-government, non-profit educational organization. Through our educational network, we take part in **interlinking prosperous young leaders**, bringing different cultures together and working on intercultural dialogue. We have a great honor to **invite You** to support our project, the **largest EU simulation in the world – Belgrade Model European Union – BEUM 2016**, an interactive simulation enrolling University level students and aspiring young professionals.

Our conference will be held between **October 26th and October 30th**, in the premises of the **National Assembly of the Republic of Serbia** in Belgrade. BEUM 2016 will revolve around our main topic: **“Europe In Crisis”**, thus bringing together **300 students** from all over the world to work on political dialogue and solving Brexit, data protection, asylum and border control. Participants will take the roles of EU countries; Ministers, MEPs as well as lobbyists and journalists. They will directly learn about EU legislation, EU agenda, EU policy-making, public speaking skills, worrisome international issues and much more.

This MEU conference differs from others due to panel discussions and workshops with international experts, where participants will voice their personal concerns, opinions and solutions to the current crisis. In the specially planned event **“Have Your Say”**, participants will be able to represent themselves and, later on, previously assigned positions. All of this is going to happen in the vibrant capital of Serbia, Belgrade, described as “the new Berlin” by New York Times.

We encourage You to share this invitation with Your students, members and partners to apply on our site: <http://www.belgrade-meu.org/apply-now/> until October 15th. Learn, debate, improve, network at BEUM 2016.
